

Howard J. Chen, Architect, LEED AP

Atlanta, Georgia

770-335-4331
howard@hjcstudio.com

www.hjcstudio.com

QUALIFICATIONS

- Accomplished and award-winning project designer/registered architect, and master planner with extensive international design experience across a broad range of project types. Domestic architectural project experience includes convention center facilities, hotels, and government projects.
- Deep knowledge in integrating complex 3d modeling into the design and documentation process.
- Digital illustrator with significant expertise in graphic, modeling, and visualization software.

REGISTRATIONS & AFFILIATIONS

- Registered Architect, State of Georgia
- Leadership in Energy and Environmental Design Accredited Professional

OBJECTIVES

- Seek opportunities to collaborate with domestic and international developers on master planning and building projects as an architectural design consultant.
- Seek opportunities to team up with domestic and international architectural/ engineering firms to jointly pursue project opportunities, and to jointly participate in design competitions.
- Seek opportunities to work collaboratively as a freelance architectural design and visualization consultant in small to mid-size practices.

PROFESSIONAL EXPERIENCE

HJC STUDIO	Atlanta, Georgia	2015 - Present
Owner/ Freelance Architectural Design and Digital Visualization Consultant		
DP World Pavilion Dubai Expo 2020	Dubai, U.A.E.	2019
Freelance Architectural Consultant to (Alliance Architectural Engineering Consultants)		
- Worked in collaboration with Alliance, A/E firm based in Dubai, to develop building facade options for the DP World Dubai Expo 2020 Pavilion.		
DP World Jumeirah Bay Headquarters Office Tower	Dubai, U.A.E.	2016
Freelance Architectural Consultant to (Alliance Architectural Engineering Consultants)		
- Worked in collaboration with Alliance, A/E firm based in Dubai, to develop building facade for the DP World 44-story headquarters office tower at Jumeirah Bay.		
DP World MRM Residential Tower Prototypes	Mina Rashid Dubai, U.A.E.	2016
Freelance Architectural Consultant to (Alliance Architectural Engineering Consultants)		
- Master Plan Design Part from Alliance included 20 residential towers located above a retail podium.		
- Worked in collaboration with Alliance to develop facade options for 3 residential tower prototypes (5-story, 7-story, and 12-story).		
Dubai Rabia Retail Center	Dubai, U.A.E.	2018
Freelance Architectural Consultant to (Cooper Carry)		
- Worked in collaboration with Cooper Carry to develop facade options for the retail complex based on plan parti and project massing developed by Cooper Carry.		
Tzu Chi Atlanta Office Renovation	Atlanta, Georgia	2018 - 2019
Lead Project Designer		
- Interior renovation of a 2-story 18,000 SF office. Program included an assembly hall, offices, multipurpose space, and classrooms for Sunday school.		

Dubai Esplanade Urban Mixed-Use Master Plan

Seattle Hotel (Architect: Hogan + Campis Architecture)

Al Salam Hotel

Lusail Aquarium Concept Proposal

Lusail, Qatar

2017

Freelance Architectural Consultant to (PFVS)

- Worked in collaboration with PFVS to develop conceptual design for the Qatar Aquarium
- Created high-quality computer renderings and animation video for design presentations.

Flamingo Crossings Homewood Suites and Home2 Suites

Winter Garden, Florida 2017 - 2018

Freelance Architectural Consultant to (Hogan + Campis Architecture / www.hcarch.net)

- Worked directly in Hogan + Campis Architecture's office as an integral member of their design team.
- Jointly developed multiple design schemes, under the leadership of firm's partners, to analyze massing and program options for two 7-story, 250-key (498 keys total) hotels.
- Created high-quality computer renderings and prepared comprehensive building design packages for Disney reviews.

Seattle Charter Hotel

Seattle, Washington

2015 - 2016

Freelance Architectural Consultant to (Hogan + Campis Architecture / www.hcarch.net)

- Worked directly in Hogan + Campis Architecture's office as an integral member of their design team.
- Jointly developed multiple design schemes, under the leadership of firm's partners, to analyze massing and program options for the 16-story, 230 key upscale life style hotel.
- Utilized advanced parametric modeling techniques and visualization software to explore facade cladding options, sectional hierarchy, and to analyze shadow impact to adjacent site context.
- Prepared comprehensive analysis of building design and compiled design reports to demonstrate compliance to city design guidelines.
- Created high-quality computer renderings and animation video for design presentations and city reviews.

The Porter Hotel

Portland, Oregon

2014 - 2015

Freelance Architectural Consultant to (Hogan + Campis Architecture / www.hcarch.net)

- Provided the same professional architectural services for this 15-story, 300 key upscale life style hotel as outlined above for the Seattle Charter Hotel.

Dave and Buster's Parking Garage and Retail

New Orleans, Louisiana

2015

Freelance Architectural Consultant to (Hogan + Campis Architecture / www.hcarch.net)

- Worked directly in Hogan + Campis Architecture's office as an integral member of their design team.
- Jointly developed multiple facade options, under the leadership of firm's partners, for the 6-story parking structure with ground level retail and Dave and Buster's venue on top level of the deck.
- Assisted in the value engineering process by analyzing additional facade cladding and design options.

Lake Buena Vista Spring Hill Suites & Towne Place Suites

Lake Buena Vista, FL

2015 - 2016

Freelance Architectural Consultant to (Hogan + Campis Architecture / www.hcarch.net)

- Assisted in the development of building massing and facade designs from the floor plans, keycount, and room layouts previously approved by the client.
- Created digital renderings for city planning approval reviews.

Quantum-AIP

Founding Partner/ Design Director

Atlanta, Georgia

2009 - 2015

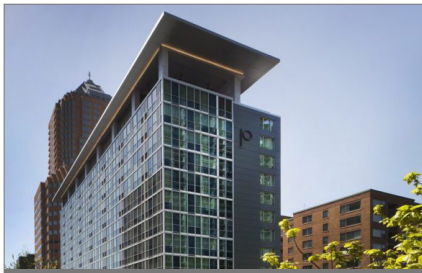

O4W ATL Mixed-Use Development Competition Proposal

Atlanta, Georgia

2014 - 2015

Lead Project Designer

- Led project design effort for the 1.6 million SF mixed-use competition proposal for the redevelopment of the Atlanta Civic Center 16-acre site. Worked in close collaboration with HKS, Atlanta, Partner Architect, in the production of the design competition package.
- Collaborated closely with Carter, lead developer, and Glenbrook Hills Capital through multiple design sessions to explore different design options and program mixes.
- Produced animation sequences to illustrate design intents to potential investors & for final competition submission.

The Porter Hotel (Hogan + Campis Architecture)

CDC Transshipping Facility

Vantage Tower

Georgia World Congress Center Phase IV Expansion

Dubai Esplanade Urban Mixed-Use Development Master Plan

Dubai, U.A.E.

2014

Lead Project Designer

- Led project design effort for the 600,000 SF open-air urban retail master plan located directly across from the Mall of the Emirates. Phase 2 included 4 high-rise towers with a combined total program of 1.6 million SF.
- Explored extensive range of architectural design styles and program options per client's request, and analyzed phasing strategies to provide future expansion flexibility.

Dubai Maison Mondiale Mixed-Use Development Concept Proposals

Dubai, U.A.E.

2014

Lead Project Designer

- Commissioned by the Dubai Esplanade Urban Mixed-Use client to design multiple master plan options centered around the Dubai Home Expo industry. Located on hypothetical sites, the proposed schemes varied widely in site coverage and program mix. Total proposed building area, including future high-rise iconic office and hotel towers, ranged from 2.5 - 3.1 million SF with 650,000 SF dedicated to the home design showroom.
- Analyzed phasing strategies to ensure future expansion flexibility.

Al Salam Hotel

Jeddah, K.S.A.

2011

Lead Project Designer

- Led the design effort for the 11-story 300 key luxury business hotel located less than 2-miles from the King Abdulaziz International Airport in Jeddah.
- Worked in close collaboration with project team from Hogan + Campis Architecture to jointly produce the Schematic Design package, and to coordinate with Alliance, local Jeddah architect and structural engineer.
- Utilized advanced 3d modeling techniques to analyze design options and to generate technical drawings for project documentation and presentations.

Kaohsiung Port and Cruise Service Center International Competition Proposal

Kaohsiung, Taiwan

2010

Lead Project Designer/ Project Manager

- Planned and designed a three-phase 15-acre master plan competition proposal to serve as a catalyst for future developments around the Kaohsiung harbor.
- Phase I program included an iconic domestic/ international cruise terminal and a port service center with a combined program of 600,000 SF.

Kaohsiung Maritime Cultural and Popular Music Center Competition Proposal

Kaohsiung, Taiwan

2010

Lead Project Designer/ Project Manager

- Designed and managed the competition proposal for a premier pop music entertainment venue and a maritime museum around the Port of Kaohsiung.
- Competition program included a 3500-seat grand performance hall, 8 small performance halls, outdoor performance areas, music exhibit area, music incubation center, maritime museum, harbor passenger service center, scenic landmark, and music/marine culture commercial district with a combined program of 850,000 SF.
- Utilized advanced parametric modeling and visualization software to analyze design options and evaluate sustainable design strategies.

Future City at Kharghar Hill Master Plan

Navi Mumbai, India

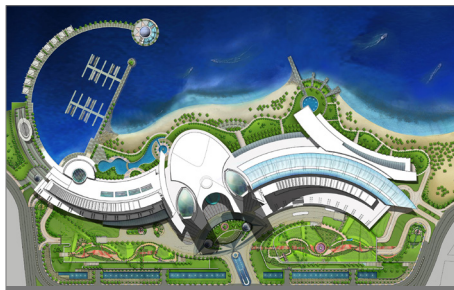

2009 - 2010

Lead Project Designer

- Led the main design efforts within an Indian consortium for a 250-acre eco-sensitive master plan of Kharghar Hill in Navi Mumbai. Master plan program included over 14 million SF of commercial, residential, and entertainment developments.
- Consortium winning entry was selected by CIDCO in early 2010.

The Lagoons- Mxd-Use Development

Tripoli Towers Mixed-Use Development

McCormick Place Convention Center- West Hall Expansion

tvdsdesign (formerly TVS & TVS International)

Atlanta, Georgia

1998 - 2009

Associate Principal (2006-2009) | Senior Associate (2004-2005) | Associate (2003)

Madinat Al Arab Vantage Tower

Dubai, U.A.E.

2008

Lead Project Designer

- Led the Schematic Design of an iconic 50-story residential tower located in the Madinat Al Arab Waterfront district by Cirrus Developments.
- Managed consultant coordination and actively mentored junior designers working in the TVS Dubai office.
- Implemented regular design charrettes to expand team skill sets and to build an agile team for future projects.

Dubai Towers Dubai Mixed-Use Development

Dubai, U.A.E.

2006 - 2007

Lead Project Designer for the 550 meter Office Tower

- Lead project designer and project architect for the tallest tower (550-meter office tower/ 2.75 million SF) through 9 months of Concept Design.
- Managed team responsibilities, distribution of tasks, and monitored the implementation of 3D modeling through the entire design and documentation process to enhance efficiency.
- Managed consultant coordination and actively mentored junior team members to identify strengths and knowledge transfer between all team members across all experience levels.

The Lagoons - Area 1 - Mixed-Use Development

Dubai, U.A.E.

2005 - 2006

Design and Team Manager for the Central District (1 of 5 Districts)

- Directed all design decisions for one 53-story residential tower, four 30-story office towers, and the central iconic light rail station through 8 months of Concept / Schematic Design.
- Significantly enhanced staffing efficiency through integral implementation of 3D modeling in the design and documentation process.
- Traveled to Dubai extensively for client design presentations and consultant coordination meetings.

Tripoli Towers Mixed-Use Development

Tripoli, Libya

2004 - 2005

Lead Project Designer

- Directed all design decisions for a 4.8 million SF of beach front development through 8 months of Schematic Design.
- Program consisted of two 60-story office/hotel towers, two 30-story condo buildings, and 500,000 SF of retail mall over a 1.2 million SF parking podium.
- Working in parallel with project director on project management and staffing strategy for a 15 member design team located in three different time zones : Dubai, Atlanta, and Chicago.

Beirut Phoenix Waterfront Master Plan

Beirut, Lebanon

2004 - 2005

Lead Project Designer / Project Manager

- Conceived conceptual design for 2 iconic 60-story towers, 4 high-rise office buildings, 4 high-rise residential towers, and a mixed-use retail/entertainment canal district totaling over 125-acres of development.
- Managed project staffing needs and prioritized tasks to effectively meet project milestones and budget.

Centers for Disease Control Transshipping Facility and Campus Infrastructure

Atlanta, Georgia

2002 - 2004

Lead Project Designer / Project Architect for Schematic Design

- Led the Schematic Design of a \$112 million government facility consisted of an office building, a parking structure, a transshipping facility and extensive enhancements to existing campus infrastructure.
- Responsible for client design presentation, monthly meetings with the CDC project steering committee and project coordination with base consultants and numerous specialty consultants.

Georgia World Congress Center Phase IV Expansion

Atlanta, Georgia

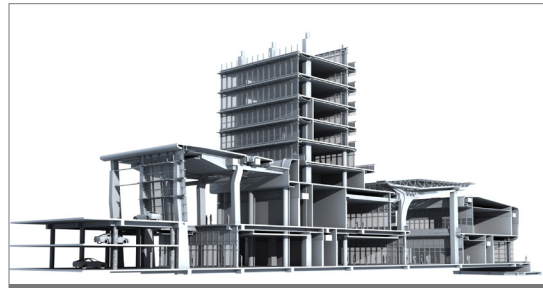

1998 - 2001

Intern Architect | Architect

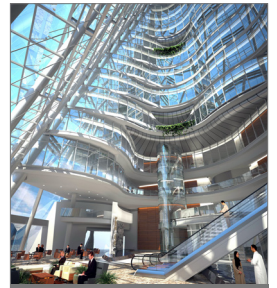

- Integral member of a three year joint venture team between Heery International and TVS.
- Program consisted of 480,000 SF of exhibition space, a 30,000 SF ballroom, and 150,000 SF of meeting spaces.
- Involved in all phases of design from Programming through Construction Administration.
- Responsibilities included project documentation, consultant coordination, preparation of presentation materials, and reviewing construction shop drawings for compliance to project design.

Madinat Jumeirah Master Plan Animation

Tripoli Towers Mixed-Use | 3D Section thru Retail Podium

Dubai Towers Dubai - Atrium

McCormick Place Convention Center - West Hall Expansion

Chicago, Illinois

2001 - 2002

Architect

- Effectively integrated highly complex computer modeling into the Schematic Design and documentation process of the \$800 million expansion.
- Traveled to Chicago extensively to provide project coordination with TVS Chicago studio.

Madinat Jumeirah Master Plan Animation

Dubai, U.A.E.

2008

Lead Project Designer /Project Manager for Animation Scope

- Managed all aspects of the animation scope for the 1,000-acre master plan including client contract negotiation, scheduling, storyboarding, design refinements, consultant coordination, and consultant fee negotiation.
- Traveled to Dubai for client review, and to Beijing to provide design guidance to the animation teams.

Additional International Master Plan and Architectural Design Animations (See Professional Project List)

2004 - 2008

Animation Director / Project Manager

- Initiated, developed, and implemented strategic project coordination protocols with a leading computer visualization firm in China to significantly reduce production costs while maximizing project quality and profitability.
- Managed staffing strategy, project delivery schedule, and project budgets.
- Traveled to Beijing at the beginning of each project phase to provide design guidance to the animation teams.
- Managed and coordinated six animation projects between 2004 - 2008 with a combined fee of over \$1.1 million.

Dubai Towers Melbourne Mixed-Use Development Competition

Melbourne, Australia

2008

Lead Project Designer and Project Manager

- Invited and contracted by Sama Dubai to submit design proposals.
- Designed the winning concept entry which was selected by Sama Dubai over submissions by Zaha Hadid, and Foster + Partners.

Dubai Design Charrette Projects

Dubai, U.A.E.

2003 - 2005

Design Architect

- Strategic member of the TVS international design charrette team invited to participate in numerous design charrettes in Dubai to conceive visions for mega mixed-use developments around the World. Over \$30 million in architectural service fee awarded from one client between 2003 - 2009. TVS opened its Dubai office in 2004.
